21 February 2022

Madam,

On behalf of our 155,000 members in 148 countries, our volunteers and staff, we congratulate Your Majesty on the historic occasion of your Platinum Jubilee.

We are extremely proud that Your Majesty accepted our request to be the Institution's patron, 70 years ago next year. Our members continue to give of their best in promoting the aims denoted in the Royal Charter of our Institution and appreciated Your Majesty's kind words when noting our 150<sup>th</sup> Anniversary last year.

Throughout your reign over the past 70 years, Your Majesty and HRH The Duke of Edinburgh highlighted continually and promoted the advancement of science, technology and engineering innovations that impact many aspects of society, starting with the live broadcast of Your Majesty's Coronation in 1953.

We trust the year ahead will prove a successful celebration across the United Kingdom and the rest of the Commonwealth and serve as an ongoing reminder of the loyalty of Your Majesty's subjects.

We have the honour to be, Madam, Your Majesty's humble and obedient servants.
